

IMPROVE YOUR NEW PRODUCT DEVELOPMENT AND REDUCE TIME TO MARKET

by

Lascom CPG provides the tools to meet your challenges.

Our Product LifeCycle Management solution helps companies in the cosmetics industry accelerate the development and management of personal care products:

- **Centralized data and documents**
- **Optimized formulation management and labeling**
- **Assistance with PIF and MSDS in many languages**
- **Optimized collaboration with your partners (suppliers, laboratories, creative agencies, etc.)**
- **Manage regulatory affairs, security data, nonconformities etc.**
- **Control and manage product and packaging innovation**

Do you have the tools you need?
